Dear family and friends,

NAME:

I am raising money for equipment for Reremoana School's new turf by participating in a Knowledgeathon. I have to learn lots of Science general knowledge facts. You can sponsor me per percentage I get correct (eg 10c x percentage I get right) *or* just give a one off donation. We are hoping to raise $15 000! There are exciting prizes to be won by raising the most money or by getting 100%.

Thank you for your donation!
