

21 August 2021

Kia ora koutou

As advised in yesterday's community update, clearance has been given for school personnel to go onsite to arrange distribution of hard materials and/or devices. Unlike previous lockdowns, we are not permitted to allow for the collection of devices and hard copy packs; instead these are to be delivered to you by school staff.

If you require a hard copy pack or a digital device for your child/ren, here is the link to a digital form to collect the information we need to make this happen:

<https://forms.gle/YvmBnS8zgoioKSRRRA>

Given we are in Alert Level 4, delivery will be restricted to Wattle Downs and there are strict protocols staff who are completing the deliveries, must follow. Families wanting a device must complete a digital agreement for this, and the link to this is included in the above form.

We hope to make deliveries on Tuesday, although we may start Monday, depending on demand. We will keep you posted on the process via Facebook pages.

A reminder that teachers will be continuing to deliver programmes as they have been in previous days/lockdowns. The hard copy packs are not a requirement for your children to complete, but we do know that they are appreciated by many families, especially if the adults in the house are needing to work from home, or you don't have a device.

Ngā mihi

Lynn Fothergill

Acting Principal
