As noted last newsletter teachers are currently working on mid year reports which will be presented in a completely new format.

Within the mid year reports will be a section around how parents can help with learning at home. Support at home for student learning really makes a difference. Meaningful engagement can take many forms, from shared reading experiences (listening to your child read/reading to your child) to talking with your child and helping them practise their maths facts. Furthermore, everyday household activities, such as cooking or managing daily routines, offer invaluable opportunities to extend learning beyond the classroom.

The Ministry of Education has created a [Parent Portal](#) containing information to help parents understand each year level's curriculum. While some of this information hasn't been updated for this year's curriculum it still provides a clear outline of what is being taught and learned at each year, as well as how you can help at home. The information under maths, English, reading, and - for junior years - practising sounds and letters, is well worth exploring.

Please be aware that while the English (including reading and writing) and Maths curricula are published and reflect current teaching and learning, the other subject areas (such as science) refer to draft curriculum areas and not what is being taught this year.

Guide for the New Zealand Curriculum - Years 0 to 8

The curriculum guide sets out what your child is learning at school each year and how you and your family can support them to achieve.

[Learn more](#) →

On the Ministry of Education website linked above there are downloadable documents for English - reading and writing (Year 1-6) and Maths (Year 1-8) - for easier access, I've put them all in a folder [here](#).

Hero

Reports will be published on Hero, as in previous years. Now is a great time to make sure you can access and are using the Hero app either on your phone or other device. Information on how to access reports on Hero will be provided when reports are published.

TERM 4 - MON 12 OCT TO TUE 15 DEC (Public holiday: Labour Day - Mon 26 Oct) Teacher Only Day Tuesday 27 October

School Donations

Thank you for paying your school donation, we really appreciate every dollar contributed. We really rely on the funds raised through our school donation to provide learning resources including equipment and support staff.

Those who paid their school donation before the end of Term 1 went into a draw for a family voucher. The lucky winner was the whanau of Neerav Nair - enjoy your trip to the zoo!

High School

At this time of year, the families of our Y8 students are thinking of high school. Our zoned High School is Te Haikura a Kiwa (James Cook).

Parents are also able to apply to other high schools and applications are now open for many. It is the responsibility of families to investigate and decide where they would like their child to attend.

If you require any advice/assistance please contact Whaea Kerry

Noho Marae Experience

On Monday and Tuesday of this week, our Senior Kapa Haka, Te Roopu ō Hinemoana, attended their first Noho Marae (overnight stay) in preparation for Matariki this year. We were fortunate to be able to stay at Ngā Kete Wānanga Marae in Ōtara for this cultural experience.

We wanted to provide an opportunity for our ākonga, who have shown aroha and dedication to the roopu, to connect with te ao Māori in an authentic way. Over the two days, our roopu experienced tikanga Māori in many different ways, including pōwhiri, whaikōrero, waiata tautoko, karakia, mihi mō ngā ringawera, and learning how to conduct themselves within the marae, whether in the whareniui, wharekai, or on the ātea.

Throughout the noho, our roopu were divided into different groups, with whānau included in each. Every group had roles and responsibilities, including washing dishes, cleaning the wharekai, tidying the whareniui, and even cleaning the wharepaku. These shared responsibilities helped our ākonga contribute to the collective wellbeing of everyone staying on the marae.

Overall, we are incredibly grateful for the experience and feel that our roopu has grown closer and strengthened its bonds through this shared cultural journey.

Hockey Success

A huge congratulations to our Boys' and Girls' Hockey Teams, who both won their grades at the CCSA Hockey Tournament last Thursday!

Throughout the day, both teams displayed excellent teamwork, determination and skill, winning the CCSA Tournament is a fantastic achievement and means that both teams have qualified for the Counties Tournament next Wednesday, where they will compete against the top teams from across the Counties region.

We wish them all the best as they take this on. Go Reremoana!
