

PHASE 3 FREQUENTLY ASKED QUESTIONS

Q

Who do we advise if our child tests positive for Covid-19?

A

Please contact the school on **2690069** or email juliec@reremoana.school.nz as soon as possible.

Q

My child has tested positive for Covid-19. What does this mean?

A

- Your child (and everyone living in your house) will need to self-isolate for 10 days
- Testing will happen on Day 3 and Day 10 for all **household contacts**
- **If your child has been at school while infectious**, we will anonymously notify wider school community of a case to encourage whānau to watch for symptoms.

Q

Someone living in our household has tested positive for Covid-19. What does this mean for my child?

A

In Phase 3, this means your child is a **household contact** (along with all those living in your house) and they must self-isolate for ten days. Testing will happen on Day 3 and Day 10. Your child can stop isolating and return to school on day 11 after a negative Day 10 test.

Q

My child is a contact of a positive case NOT associated with our household. (This may be in school or out of school.)
Can they still come to school?

A

Your child can come to school. Anyone who is a contact of a non-household member does not need to self-isolate. **This will include positive cases in your child's class.** We will notify you if this occurs so you can watch for symptoms.
Self-isolate and get tested should symptoms develop.

Q

My child is self-isolating. What school-work will be available?

A

If your child is required to self-isolate, hard copy and some online learning will be made available to them. If a student is unwell, there is no expectation for them to do any work.
