Mid Year Reporting

With the refreshing of our national curriculum, we are making changes to ensure our reporting and teaching practices align with this new direction.

One key change is that each learning area now includes specific progress outcomes for each year level – a shift from the previous approach where teachers worked from broad levels of the curriculum and deterred next steps based on student needs.

Previously reports included OTJs or Overall Teacher Judgements. Teachers created these by triangulating the data they collect from assessments, student progress and outcomes in class, independent work and observations. As the government is yet to finish developing the assessment tools to sit alongside the new curriculum documents. As teachers are not able to complete this triangulation process nor do they have a complete understanding of the new curriculum we will not be including OTJs in this report.

The report will include some information from the new curriculum about what students have been taught from the specific year level by year level curriculum for Reading, Writing and Mathematics. There will also be several skills that students demonstrated consistently independently documented in the report as well as a general comment.

Reports will be received at Conferences – Week 2 of Term 3 – in hard copy. Please make a copy of the report for your own records and keep it in a safe place.

You will be able to book for conferences using HERO in the coming weeks. Look out for a message over the holidays.

Lost Property

It's nearly the end of term, and we'll be setting out all lost property (uniform, clothes, drink bottles, shoes) for claiming outside near the flagpole on Thursday of Week 9 (weather permitting), or Friday of Week 9 from 2:45–3:00pm. Please note: Any unclaimed uniform will be added to our second-hand uniform shop.
